**Oh, the places You'll Go!** - Dr. Seuss

"Heal the world, make it a better place, for you and for me and the entire human race."

Dear Parents,

As we set our sights on preparing the boys and girls for the 'last lap' of the school academic year, I would remind parents to keep a close watch on the important dates.

Our staff and teachers work tirelessly to help the students learn.

I want our young Gandhians to be more courageous to ask questions, both in class and later by whatsapp from their teachers. It is never silly to ask a question, as it helps to learn and grow.

Holistic schooling goes beyond academics and assessments.

**ChatGPT:** IB informed the school community that, the use of content created by any AI Chatbot would not be banned. However, updated guidelines for the school's academic integrity policy should indicate that it should be referenced in the bibliography and treated as any other source. At GMIS our teachers encourage students to inquire, think critically and use creativity to achieve their goals both in and outside the classroom.

**Examinations** - IB DP, CP, IGCSE, Checkpoint Exams.

Guiding and supporting students in preparing for their exams is a high priority for us. Serious revision classes are ongoing.

I would like to wish all those fasting during this holy month - Ramadan Kareem.

**Sports** is a huge part of life at GMIS. ...students learn resilience, the joy of camaraderie, putting team before self, to strive to win and accept defeat gracefully. Children learn about themselves and develop their character.

I often say 'It takes a village to raise a child', thank you for your continuous support and for partnering with us to help our boys and girls learn enthusiastically and grow to be the best version of themselves.

"When you are enthusiastic about what you do, you feel this positive energy. It is very simple"

- Paulo Coelho

With my best wishes,

**A.P. Singh**  
Principal

## GRADE 2 ANNUAL PLAY "BEAUTIFULNESS"

An adaptation of The play "BEAUTY IS A BEAST"

### SYNOPSIS

"Beautifulness" an adaptation of the play "Beauty IS a Beast", written by D. M. Bocaz-Larson. It is a magical fairy tale about a spoiled Princess named Beauty who thinks that just because she is beautiful and a Princess, she can be rude and terrible to others in the Kingdom. Beauty was given the gift of beauty by her Fairy Godmother, but as she grew into a beautiful princess, she also became vain and very mean to everyone. Beauty

is beautiful on the outside however ugly on the inside. But Beauty is in for a rude awakening. When her Fairy Godmother has had enough of her bad behaviour, she turns Beauty "inside-out". Beauty must learn not to be such a beast. Then, along comes Nick, a young and strong peasant, who knows exactly how to bring out the best in Princess Beauty. Finally, the princess realizes how important it is to be humble and kind.

**GRADE 1 ANNUAL PLAY  
"WAITING TO SMILE"**

Grade 1's proudly present their Annual Play Presentation "Waiting To Smile."

Mirror...Mirror on the wall, who is the prettiest of all?

I just can't smile without you

**SYNOPSIS**

"Nothing you wear is more important than your smile." – *Connie Stevens*

There was once a princess who looked beautiful with her charming smile. She was cursed by a wicked witch who took away her smile. Her father was worried about her and he promised that whoever brought her smile back could have all the wealth. Many tried but none succeeded. Across the town an honest worker worked hard for his master. At the end of every achievement, the master offered a bag of gold coins before him and asked him to take as much as he wanted. To avoid sinning by taking too much, he took only one coin and when he went to drink from a well,

he dropped the coin and lost it. The same thing happened to him a few times.

He kept using the well water to keep his farm alive and with time the coins that sank to the bottom of the well floated up to him. He kept walking and met a mouse, a beetle and a fish on his way. During his journey he helped each one of them by giving away all of his gold coins.

Finally he reached the palace where he was enchanted by the mesmerising beauty of princess Luna. Will he be able to make her smile? Will our princess get her smile back?

Never fully dressed without a smile.

Erwin had a rare quality, he smiled and paid compliment to every stranger who met him.

I curse you with sadness. A pretty sad princess without a smile

Let's have the entertainers

Let's have the clowns and jugglers to make our princess smile

The crowd roared in tandem but the princess didn't even break a smirk.

Laughter is the only medicine that will make you feel better from this awful spell.

Are you going to abandon all the tiny creatures living in your Amazon forest?

Why is my tummy getting bigger and bigger with the homemade food.

The curse loomed over the entire kingdom like a dark cloud.

Erwin was a gentleman who always counted his blessings without expecting anything in return.

Erwin believed that 'self-belief and hard work will always earn you success.'

The famine was bad. The land became barren and the animals were dead.

The sweet boy persevered and kept working hard with a smile. He indeed earned himself three gold coins.

Erwin, mouse, fish and beetle enjoyed the swimming lesson.

One look from Luna made Erwin fall in love

Humans and fish are alike. They both get into trouble when they open their mouths. Fish get caught with the food and humans with their lies.

The charming prince fell into the muddy pool

Come on grab my tail. Let's do it.

The heart of a good man is priceless, more precious than all the riches of the world

Good won over evil.

Melodiously singing - A Thousand Years

A friend in need is a friend indeed.

The kingdom was filled with laughter and joy and the black cloud that had been hanging over was lifted.

The power of choosing good and evil is within the reach of all.

Kindness never goes unrewarded

Life should be celebrated

There is no substitute for hardwork.

A day without laughter is a day wasted. Live, love, laugh, sing, dance, dream and smile

"We must not measure our life by our possessions, but by the hearts that we have touched, the smiles that we have created and the love that we have shared which will last for eternity"

## GRADE 11 - EDUCATIONAL FIELD TRIP TO BANDUNG

Grade 11 C students going to Bandung field trip

Grade 11 C students inside Trans Studio Bandung

Having a splash in jungle boat ride in TSM

Lights camera in action - At the theatre

Feeling dizzy after the Vertigo 360 ride.

Feeding carrots to sheep in the Lembang Milk Farm

Feeding and watching the parrots, owls and doves.

Clicking some pictures in the Bird Sight Area.

Students engaging in "Worms Fight" or "Sekor"

Spooky feelings in haunted house in Trans Studio

The field trip to Bandung. We had the opportunity to visit two exciting places - Trans Studio, an indoor theme park and a milk farm located on the outskirts of the city. The journey from Jakarta to Bandung was filled with fun and laughter as we traveled by bus.

At Trans Studio, we enjoyed a range of thrilling rides and attractions, including the Trans City theater, Pirate ship and Boomerang coaster. At the milk farm, we learned about milk production and got to taste fresh and delicious milk. Overall, the field trip to Bandung was a fantastic experience, filled with adventure, education and fun.

## GRADE 3 "GO GREEN CLUB"

Grade 3 Students have organized a "GO GREEN CLUB", in order to protect our Mother Nature. They are organizing GREEN EVENTS, incorporating through our Unit of Inquiry. Some of the initiatives they have taken so far:

- ❖ Giving a recycle box to all PYP classes
- ❖ A pen stand made out of recycled products
- ❖ Handmade paper bags.
- ❖ Bird feeder for the lovely birds
- ❖ Giving seeds to plant at home

## IBPYP VIRTUAL WORKSHOP

One of the beauties of teaching is that there is no limit to one's growth as a teacher, just as there is no knowing beforehand how much your students can learn. ~ Herbert R. Kohl

At GMIS, we are committed to the continuous learning and professional development of teachers to deepen and expand their skills and qualities as educators.

Fifteen of our PYP Teachers recently participated in an IBPYP Virtual Workshop on Agency, Action and Engagement. This workshop was led by Ms. Kelsey Lewis, an IB educator and an instructor in the Master of Teaching Programme at the Ontario Institute for studies in Education at the University of Toronto.

Our teachers got the opportunity to reflect and identify opportunities for enhanced curriculum design and to structure the learning experiences and environments to further support and nurture the development and demonstration of student agency through action and engagement within and beyond classrooms. .

We thank Ms. Kelsey Lewis for sharing her valuable insights and conducting this very informative and engaging workshop.

It was indeed a very enriching experience for our teachers and surely will have a very positive impact on our students' learning and growth.

## A WALL MAGAZINE COMPETITION

Students of Grade 11 Took Part in Kompas' Mading Competition 2023 "Mading For Better Understanding"

Kompas as the largest media In Indonesia has invited high schools or vocational school level throughout Indonesia to take part in a wall magazine (Mading) competition. The competition will last for nine months during 2023. Each month has different theme and the winner will be selected. The winner's work will be displayed in Surat Kabar Kompas. This month's theme is "Perempuan Bisa." A group of 5 students of grade 11 consisting of Vanessa Tjhai as group leader with Virginia Sutanto, Madeline Sukotjo, Bryan Liu, and Ishani Lal Donsinghan as group members took part in the competition. With the help of other enthusiast students, ie. Keitaro, Grace, Biancy Roshan, Kenzie, the group has successfully fulfilled all the requirements and uploaded their Mading on Saturday 23 March 2023. The madding itself is nice work of Art where concept and creativity blends. It is a collaborative work of hard working and creative students. While the theme of Mading is "Perempuan Bisa," our GMIS students are also "bisa" produced a meaningful creative Mading in between their midterm exams

The Gandhi Model United Nations Internal Conference was hosted at GMIS Jakarta on the 15th and 16th of February 2023. Under the United Nations Educational, Scientific, and Cultural Organization council, the meeting discussed a matter of great importance: "Combating Illicit Trafficking of Cultural Property." On Day 1, delegations brought forth several problems under the topic, such as the twisted history of illicit trafficking, along with potential solutions such as the use of AI to identify and track fake artifacts. Day 2 brought forth two blocs that presented their draft resolutions, which induced fiery yet fruitful debate on the efficacy of the proposed solutions. With 107 points of information and 52 speeches over the span of two days, the council was able to

pass 1 draft resolution, in hopes of eliminating the illicit trafficking of cultural property for good. MUN has undoubtedly been a great learning experience for every participating member of the club from Grades 9 to 12. With diplomatic language and MUN jargon, delegates had the opportunity to exchange heated yet civil arguments, acquire knowledge through research and cooperation, and most importantly improve their public speaking and debating skills. These delegates were able to embrace open-mindedness by paying attention to various perspectives on the issue, and ultimately, they were able to kick-start their journeys into the real world that faces them with real problems.
